

Warsaw, 21 July 2026

Ref. no.: DN/Dokt.- 681/2026

NOTIFICATION

on the doctoral dissertation public defense

On **28 August 2026 (Friday) at 11:00 a.m.**, in the seminar room of the Institute of High Pressure Physics, Polish Academy of Sciences, in Warsaw, at 29/37 Sokołowska Street, a public defense of the doctoral dissertation by

Mohammad Azam, M.Sc.

will take place.

Title of the dissertation: *„Tuning the Superconducting Properties and Phase Diagrams of Iron-Based Superconductors using High-Pressure Growth Techniques”*

Supervisor: Dr hab. Shiv Jee Singh (*IHPPAS*)

Reviewers: Prof. Omar Chmaissem (*Northern Illinois University, USA*)
Dr. Akiyasu Yamamoto (*Tokyo Univ. of Agriculture and Technology, Japan*)
Dr. Jens Hänisch (*ITEP, KIT, Germany*)

Scientific discipline: physical sciences

Language of the defense: English

The dissertation is available for review by interested parties at the secretariat of the Institute of High Pressure Physics, Polish Academy of Sciences. The dissertation and the reviews are available on the Institute's Public Information Bulletin website ([BIP IWC PAN](#)).

The defense will be held in a hybrid format. Participation in the defense is also possible via Zoom. You will receive the link to the meeting after registering at:
